

Teth Coroza

Operations Support Officer

Teth is pursuing a Master's degree in Public Administration and holds a Bachelor of Science in Business Administration. She is a licensed Professional Teacher with a year of experience as an educator, during which she contributed to the academic and personal growth of her students. She also has professional experience as a Branch Specialist in the insurance industry, where she gained expertise in client management and operational efficiency.

Currently serving as an Operations Support Officer, she leverages strong skills in organization, time management, and resilience. Her ability to combine operational excellence with a collaborative and empathetic approach enables her to contribute to efficient processes and a positive workplace environment.

Fostering international success through meticulous dedication.
